Partnership Agreement

between

Partner

and

NORTHSIDE INDEPENDENT SCHOOL DISTRICT

School

As part of this collaboration, both parties agree to support on another by sharing resources such as equipment, facilities, training, technological expertise and other human resources. Individuals at every level and from all backgrounds are invited to be part of this relationship. It is understood that involvement in this partnership is for the sole purpose of enriching the educational experience of the students in Northside Independent School District; not to promote products produced or distributed by the partner, nor to recruit members for a particular organization. Better education and pride in community involvement are the rewards for everyone involved.

“We as a school, pledge to use the resources donated to us in the most efficient means possible; to develop programs and curricula that will produce students qualified and better prepared to enter the workforce, and to share our resources in a manner mutually beneficial to our students and the business partner.”

The Business Pledge

“We, as a business, pledge to make time and resources available for education efforts; to give students, school staff and administrators opportunities to experience a workplace and its demands; to help educate students about the skills necessary to become successful employees, good community members and informed consumers; and to recognize and support the positive contributions the school makes to the community.”
